## Acoustic Tube

2 in 1

Versatile 1-Wire Call & Push-To-Talk Headset

Surveillance Acoustic Tube Style Design combines 2-in-1 Call & PTT capabilities for maximum productivity and effectiveness!

### Benefits

#### Stealthy Design and Clear Communications In One Headset

- Surveillance Acoustic Tube ear piece provides a clean appearance and is ideal for police, public safety, security, high-end hospitality and retail.
- Premium coiled tube and low profile ear piece moves with the operator/user and stays in place.
- Large In-line Answer/End button integrates microphone for clear communications.

#### Unique Versatile Platform for Broadest PTT and Device Support

- Broadest PTT Service Provider Compatibility includes ATT Enhanced PTT, Bell Mobility PTT Service, Sprint Nextel Direct Connect, Zello Walkie Talkie app, Verizon Push-to-Talk Plus, Twisted Pair WAVE & SLA esChat.
- Greatest mobile phone compatibility across Android, iOS, Sonim, Blackberry, Windows Phone, Samsung Rugby 4 Flip Phone.
- Universally compatible across all devices using a 3.5 mm connector.

#### Ergonomics and Comfort for Full Shift Wearability

- Headset design accommodates all uniform configurations.
- Replaceable Silicon Ear Tip styles for best performance in all settings.
- Includes variety of ear tip sizes to ensure best fit.

#### Completely Customizable Configurations

- 1-Wire, 2-Wire, dual or single ear headset configurations.
- One, two or three locations of PTT button access.
- Black hardware (custom colors available with minimum order size).

#### Rugged Construction

- Durable, Kevlar-reinforced cable provides 20 pounds of pull strength.
- Industrial grade design for all commercial uses.
